INCORPORATED

ORCHID EXPERTS

191 VALLEY ROAD  
WEST ORANGE, N.J., U.S.A.

## Introduction

IN presenting this, our first catalogue of Orchids, we wish to thank our many customers for their liberal patronage and trust to have continuance of the same, assuring them of utmost satisfaction.

This catalogue is arranged in two parts—the species and Hybrids—which we have originated.

The prices quoted are for good, strong flowering-size plants. Prices of large and specimen plants cheerfully submitted on request.

Beginners in Orchid growing should write us for special list of such varieties that are best suitable for them. We also draw your attention to the special collections for amateurs.

We have on our register a number of competent men who are well versed in Orchid growing and would be glad to recommend them to anyone requiring their services, without charge or fee to either party.

We shall be pleased to give any information or advice pertaining to Orchids.

Boxes and packing will be charged at cost.

Visitors are always welcomed.

JOSEPH MANDA COMPANY, Inc.

## MEMORANDUM
